

Cursed Triangles

Lili wants to join a triangle enthusiast club. In order to join this club, Lili will need to quickly draw M right triangles with a base and height of N. Since Lili cannot do this task quickly enough by hand, Lili has asked you to write a program that will do this task for her. Help Lili complete this task!

Format Input

The input consists of a single line containing two integers, M and N, the amount of triangles Lili has to draw and the length of their bases.

Format Output

Output M right triangles of length N and height N made out of the '*' character. For more clarity, please refer to the given sample output.

Constraints

- $1 \le M \le 100$
- 1 < N < 80

Cursed Triangles

Lili ingin masuk ke dalam sebuah perkumpulan penggemar segitiga. Agar dapat masuk ke dalam perkumpulan tersebut, Lili harus dapat menggambar cepat M segitiga siku-siku dengan alas dan tinggi N. Karena Lili tidak bisa menyelesaikan tugas ini tepat waktu dengan menggambar manual, Lili meminta bantuanmu untuk membuatkan suatu program yang dapat menyelesaikan tugas ini untuknya. Bantulah Lili menyelesaikan tugas ini!

Format Input

Input terdiri dari sebuah baris berisi dua angka, M dan N, jumlah segitiga yang harus Lili gambar dan panjang alas tiap segitiga.

Format Output

Tampilkan M segitiga siku-siku dengan tinggi N dan alas N yang terbuat dari karakter '*'. Untuk kejelasan lebih lanjut, silahkan melihat sample output yang diberikan.
